

Question 2

- Flower

Original	 The original image shows a pink flower with five petals and a dark center, set against a background of green leaves and a light blue shutter. To the right of the image is a vertical color bar with a gradient from blue at the bottom to red at the top, with numerical markers at 50, 100, 150, and 200.
Filtered	 The filtered image shows the same pink flower, but with a black border around the entire image. The color bar to the right is identical to the one in the original image, with a gradient from blue to red and markers at 50, 100, 150, and 200.
Segmented	 The segmented image shows the same pink flower, but with a black border around the entire image. The color bar to the right is identical to the one in the original image, with a gradient from blue to red and markers at 50, 100, 150, and 200.

- Parrot
